Dear Mr. Ward,

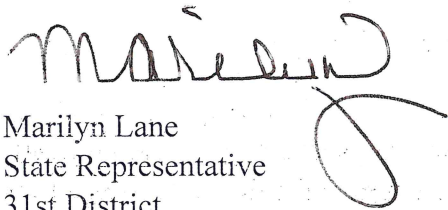

Thank you for reaching out to me with your interest in receiving feedback on your students' projects. I was glad to review the websites with my staff, and I hope the feedback I've provided will be useful and encouraging to your students.

I can see that something truly special has occurred in your classroom, and I want to commend your efforts to equip your students with the skills they will need to compete and succeed in a changing world. The pages I reviewed were all very impressive, and I was glad to be a part of this process with you.

I hope you will give my congratulations to every student who participated. Our community is full of great talent, and I'm constantly impressed by what today's students are capable of accomplishing through hard work and dedicated study.

Thanks again for contacting me. Please do not hesitate to let me know if there is anything more I can do to assist you!

Warmest Regards,

 ☺
